FAQs

Q1: Can my child's mother/father/carer also access the information, even if they don't live with me?

A1: Yes, multiple email addresses can be set up for each child's parents/carers, so it is possible for more than one adult to access the child's information, through the web browser. We just need to add any additional emails on to our school records. You can do this through your Bromcom MCAS Parent Portal.

Q2: Do I need a different account for each child?

A2: No, if you have multiple children all those who have active Go4schools information is accessible through the same parent/carer personal email login.

Q3: How does my child log in to see their homework?

A3: Your child will log into their own page and can see the same information you can. Pupils must login using their school email address. www.go4schools.com/students

Q4: Can I still access my account if I forgot my password?

A4: Yes, if you forget your password, you can click on the "Forgotten your password?" link on the sign in page and reset your password using your email address.
